

Greengauge Sports

A DIVISION OF CRYSTALS LIMITED

2010/ 2011 Catalogue

 **Henselite**[®]
Choice of Champions

Crystals Limited is a company committed to providing great customer care and service to all our Greengauge business customers.

Our market leading products include the Worlds No.1 Bowling brand Henselite, and the World's No. 1 Bowling surface Greengauge. Other brands include Almark, Prohawk, Pelham, and Dawn. The extensive range of products and stock that we carry ensure that whether you are a specialist bowls retailer, sports warehouse, general sports shop, or bowling club shop Greengauge Sports should always be your first call to satisfy your customers bowling needs.

Our professional on the road sales team includes world stars Greg Harlow and Alex Marshall MBE who along with our internal sales team ensure that personal contact, quick response, and an on time delivery service are a priority.

Our new 2010/11 catalogue will provide further information regarding our existing product ranges, including some new developments. This will allow all customers the chance to view specific items in more detail. Continuous improvements in quality and product development is a main priority and long term objective. If there is a demand we can supply.

Dreamline & Tiger II

Henselite Dreamline Bowl

The Dreamline satisfies the needs of competitive bowlers and the social player alike. It is ideally suited for medium to fast greens and is especially good on end rinks indoors where jack displacement is an issue. Having a flatter profile and a narrower width provides the bowler with greater comfort and control of the bowl. Bowlers can be confident when using the Dreamline model, as this 'ergo shape' enables all bowlers an opportunity to improve their consistency and performance. The Dreamline has a weaker bias that any other Henselite model in the UK range.

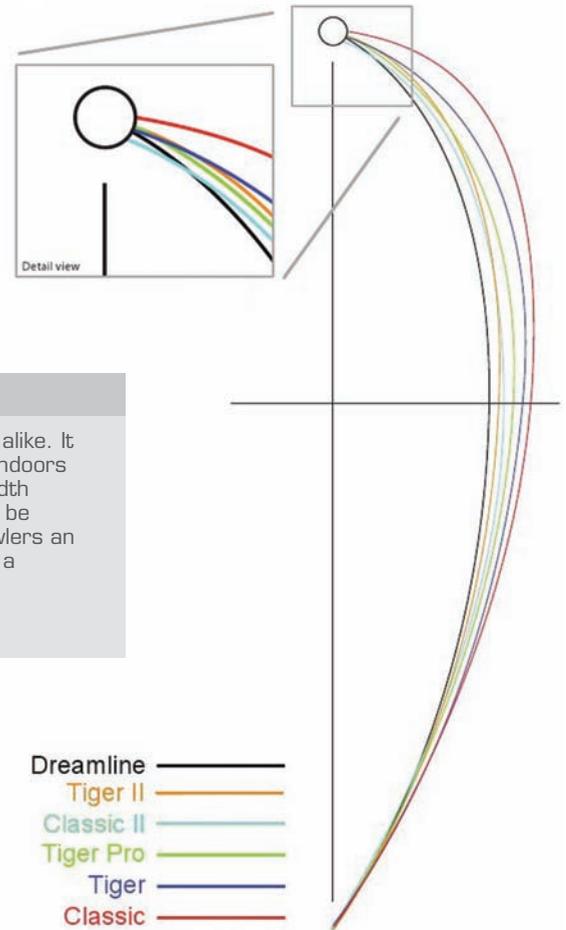

Code DLG

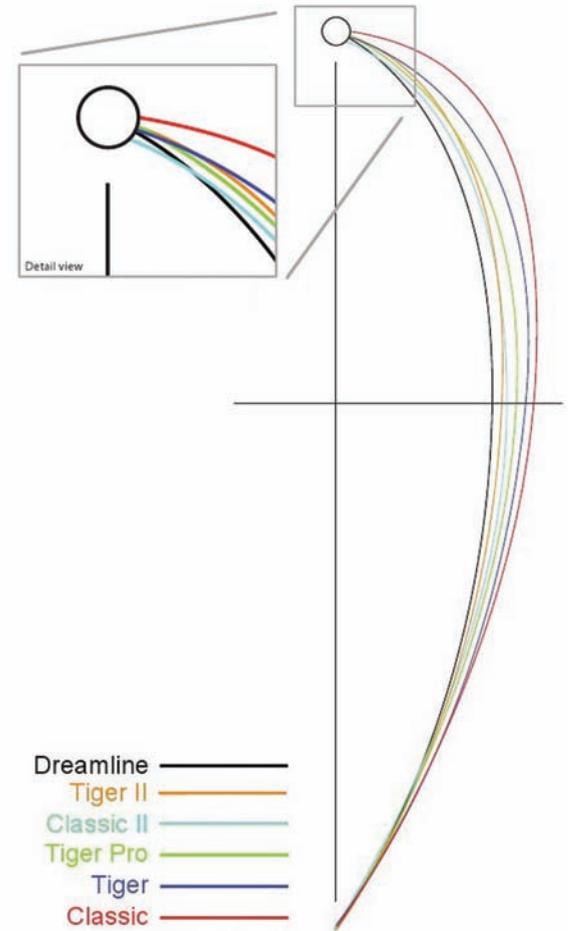

Henselite Tiger II Bowl

The Tiger II was the third member of the Ergo family of bowls, complimenting the very successful Dreamline and Tiger models. There is a growing trend in many clubs for a slightly wider bias bowl than the Dreamline. The Tiger II is a mid biased model, which will suit the player looking for a multi purpose set of bowls. The Tiger II has a gentle and predictable trajectory; it is the widest drawing of the "narrow" biased bowls currently available. It is highly suited to all players including skips who may require a bowl that has a relatively strong finish to draw around short bowls in the head.

Code HCG

Henselite Tiger Pro

Given the successes of both the Tiger and the Tiger II we found that top bowlers were still looking for a bias choice between the Tiger and Tiger II lines. After a period of testing the Tiger PRO bias was manufactured as that, 'in between bias bowl', that is much sought after. The PRO has now become the fourth member of the Ergo shape range. To be approved by the World Bowls Board one day and used by Alex Marshall the next when partnering Carol Ashby to win the World Indoor Mixed Pairs says a lot about the quality and trust that top players have in the bias consistency of the Henselite brand.

Code HTPROG

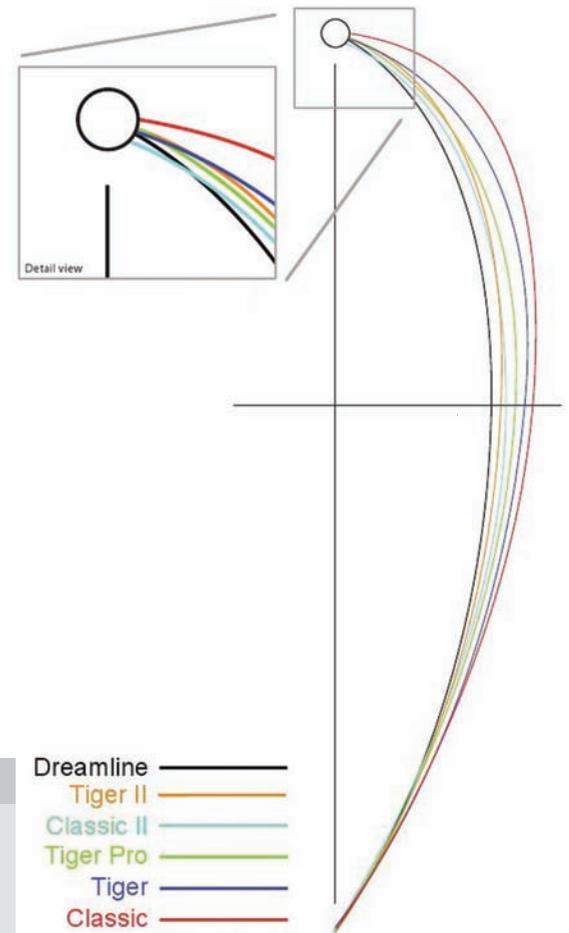

Tiger

Henselite Tiger Bowl

The Tiger is a full biased model, which was initially developed because of the increasing need for a model that suits a multitude of playing speeds both indoor and outdoor. The Tiger will suit both the competitive player and the more socially orientated players. The Tiger has proved to be easily the most successful "TV tournament" model since its introduction with it being used by the last 8 World Indoor Singles Champions in the last 8 years. Due to the Ergo profile, the Tiger is appealing to both new and existing bowlers who require improved grip control.

Code HTG

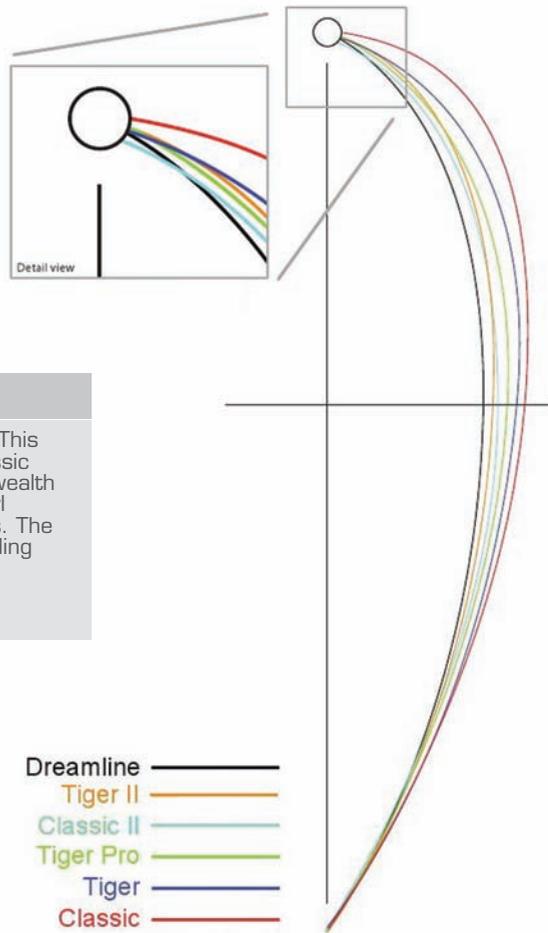

AVAILABLE COLOURS

Black

Henselite Classic Bowl

At one time the Henselite Classic model was the largest selling bowl in the world. This bowl was established in 1930 and is still the standard in most countries. The Classic has been used by the winners of more gold medals at World Bowls and Commonwealth Games than any other model bowl. This is one of the reasons why the Classic bowl remains popular to this day. The wider shape provides good stability on windy days. The bowl with the famous 'Hockey Stick Bias' is an excellent wide drawing Bowl for holding greens and is available in Medium and Heavy weights.

Code BEG

Henselite Classic II Bowl

The Classic II is the original narrow biased bowl. This narrow version has less bias than the original "Classic" model. Manufactured with a traditional Classic bias for bowlers who play on all types of greens and that require a consistent draw. The Classic II with its midstrength bias is well suited to slower outdoor green speeds if 11 to 14 seconds. The bowl also performs well on faster indoor carpets in the UK. It has a distinctive trajectory commonly referred to as a "hockey stick" finish. The Classic II is recognised for its ability to draw around cluttered heads. Available in Medium and Heavy weights.

Code 21CSG

Alex Marshall MBE
Record breaking World
Indoor Singles Champion

New sets of Henselite Bowls are perfectly matched sets of four bowls in weight and bias and each bowl is guaranteed for 10 years against cracking or breaking from the date of manufacture. This may be related to the World Bowls Stamp Number located on each set or from the date on the purchase receipt.

The Henselite 10 year guarantee does NOT cover:

- 1, Chipping – caused through contact with sharp objects.
- 2, Burnishing – (pitting) caused by impact of bowls in the presence of sand and moisture.
- 3, Scratching – caused by regular use on sand filled grass or synthetic greens.
- 4, The bias of Lawn Bowls may be effected by wear and it is recommended that your bowls be re-tested at approximately three year intervals to ensure compliance with World Bowls Ltd regulations.
- 5, Coloured bowls - It is possible that a variation in colour may occur due to Ultra Violet exposure, such changes are not covered by guarantee.

If you love your bowls and wish to play with equipment that is of the highest quality.

Choose Henselite - The Choice of Champions

Bowls leave the factory in a highly polished condition and with good care this lustre may be retained on Henselite bowls for many years by noting the following hints:

The Henselite 10 year guarantee does NOT cover:

- 1, Sand, grit etc. has an abrasive effect on bowls. Wipe your bowls after use before placing them in your case or bag.
- 2, Ensure the bottom of your bowls case or bag is free of sand or grit and place bowls so they ride on the running surface – not the engraving.
- 3, Regularly polish your bowls with Grippo (for details refer to pg 29) using a Henselite polishing cloth or sleeve;
- 4, If too much bowls polish accumulates on bowls, wash bowls in hot water with soap or mild detergent – dry and polish.
- 5, New, highly polished bowls will always show slight scratch marks on the running surface after use, particularly if greens have been recently top-dressed. These “scratch” marks in no way affect the performance of the bowl (or indicate an ingredient softness) and may usually be polished out.
- 6, In some areas, the sand or top dressing used on the greens is a sharp, abrasive, granite-type sand and bowls will scratch or wear more readily but again, the performance of the bowl is not affected providing the wear on the running surface is even.
- 7, If you regularly use two or three bowls, rotate the four bowls in your set to ensure any wear is evenly distributed (It takes only minimal wear for the bias to be affected, this ensures your bowls remain matched for bias).
- 8, Coloured bowls may mark easily from ditch contact and general play, clean your bowls gently by washing with a mild detergent.

Almark Sterling Range

Arrow

The Almark Arrow has been designed with fast surfaces and front end play in mind. The Arrow bias line although narrow has a distinctive curve when the weight comes off the bowl. Not as narrow a bias as its predecessor the EDGE however narrow enough to be of some benefit when playing on end rinks. The Arrow unique grip and is available in sizes 0-5HW. Colours available Black , Green & Red

Code ARG

Club Equipment

Portable Bowlings Surfaces

Greengauge Club Short Mat is a medium paced carpet available in 45ft x 6ft & 30ft x 6ft – This mat is now available in Dark Green or Blue

Greengauge International Short Mat is a Medium/Fast paced carpet only available in 45ft x 6ft – This mat is now available in Light Green or Blue.

Both Greengauge Mats are manufactured using a needle punched rubber backed material. During the manufacturing process the surfaces are specially treated to give anti-bacterial and anti-fungal properties. Each are manufactured from a mix of Polyester and Polypropylene. The surface is then backcoated with a special resin and rubber mixture which penetrates the felt to a fixed and accurate depth. The purpose of the resin is to hold the needed fibres together and give stability to the bowling carpet, providing the ideal bowling surface. A waffle rubber backing is also used to help and provide a resilient non slip backing to the carpet.

All this ensures that the Bowling Surface stays in a better condition for longer, increasing its life time.

ALEX MARSHALL MBE

Alex has deservedly built a reputation as currently being the world's best bowler. His record since he debuted with three gold medals at the 1992 World Outdoor Championships in Worthing is quite simply phenomenal.

Since then 'Tattie' has picked up a further three world outdoor gold medals and his outstanding CV is further enhanced with two Commonwealth Gold medals in 2002 and 2006. His most memorable achievement to date is the World Indoor Singles Championships where he has lifted the title a record breaking five times since 1999 and he is now two ahead of nearest rival and good friend Paul Foster. Alex most recent World title comes in the way of the World Mixed Pairs with Carol Ashby at potters in 2010.

Alex was honoured in the Queens New Year honour list in 2007 with an MBE for his services to the sport of bowls.

BILLY JACKSON

Billy first started bowling in 1984 and has won numerous English & British Isles titles such as the English Singles in 2003 then went onto win the British Isles singles in 2004.

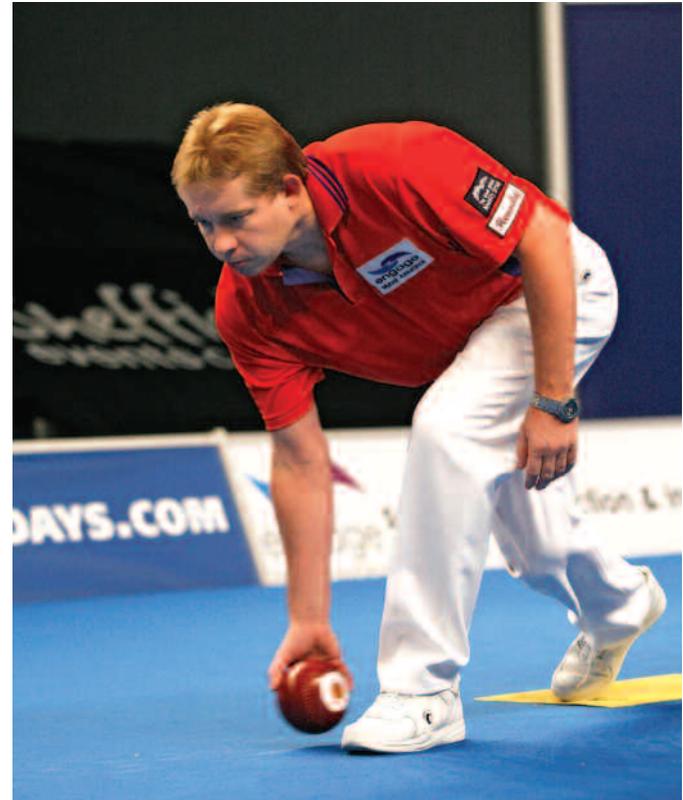

The man from Lincolnshire captured the 2005-2006 World Indoor Pairs then successfully defended it the following year. Billy won his first WBT Singles event in 2009 with a magnificent performance at Potters Leisure Resort to crown himself the 2009 World Indoor Singles Champion.

PAUL FOSTER

Paul is the youngest member of Henselite's dream team and made history when he became the first player on the WBT Tour to win back to back ranking events and also became the first to record five WBT title triumphs.

In 2005 the Troon man joined bowls legends David Bryant, Tony Allcock, Richard Corsie and good friend Alex Marshall as a three times winner of the World Bowls Singles title. In 2002 he partnered fellow Scot Hugh Duff to the World Pairs title while his outstanding CV further enhanced with a Commonwealth Games Gold Medal in 2006. In 2008 Paul became the first Winner of the "Premier League" event which was televised on Sky TV for the first time ever. In 2009 Paul further enhanced his WBT success by lifting the 2009 Scottish International Open. At the 2010 World Championships at Potters Leisure Resort Paul was announced as the WBT Player of the Year & WBT Players player of the Year 2009. Paul is currently ranked No.1 in the Indoor World ranking list for 2010/2011.

GREG HARLOW

Greg started bowling at the tender age of 11, and was named in the England International team 12 years later.

The down to earth Henselite Sales Manager first hit the scene on the World Bowls Tour in 2004 when he won the International Open title at the Ponds Forge Sports Centre in Sheffield.

He went on to successfully defend the title two times to complete a remarkable three in a row. His love affair with the Sheffield Venue continued in 2007 when he became the first winner of the World Match Play Championship. Greg went on to win the 2008 Scottish International Open.

Greg's most memorable achievement to date is becoming the 2010 World Indoor Singles Champion for the first time.
