Welcome

design thus adsorbing impact and providing additional comfort for feet and legs whilst on the bowling green.

We have updated our Henselite bag range including a new Mini and Trolley along with a few new colour choices to existing styles; we expect the range to have best seller potential.

What a season for Team Henselite players with National, British and World Titles. Mark Dawes wins the prestigious World Indoor Singles having won the World Indoor Pairs with fellow Henselite star Jamie Chestney earlier in the week. Jamie then adds the World Indoor Mixed pairs title and the popular Katherine Rednall wins the World Indoor Ladies Singles for the third time. The players all used the TIGER range of bowls, including the new EVO model, which is becoming hugely popular. It proves once again that Henselite are the 'Choice of World Champions'.

Check us out at www.henselite.co.uk or like and follow us on Henselite UK Facebook for latest updates.

Our Sales Manager Perry Martin along with our internal sales team ensure that personal contact, an on time delivery, all backed by increased stock levels, and quality service remain our top priorities. This catalogue, with an additional 8 pages, allows customers to view items in more detail. Our brochure is available online at www.henselite.co.uk/news/products/2018-19-henselite-greengauge-product-catalogue and will be updated reflecting any changes. New products and news will also be announced on our website and Facebook page.

On a final note, and adapting a popular saying, our aim is to 'make bowls great again'. Together we need to Champion our Sport. We at Greengauge remain 100% committed to supporting your business.

Everyone at Argyle t/a Greengauge thanks you for helping deliver an excellent upturn in sales last year. Greengauge, unlike other suppliers, can confirm that we are not going direct and hopefully this receives your support for the coming 12 months and beyond.

2018 sees Henselite extend its Choice of Champions clothing range with new colours in Jackets, Polo Shirts, Blouses and Waterproofs. We have also added to the range by incorporating fleeces in gents and ladies styling. Sports trousers were a best seller last year and the good news is that we have extended this range to include a Zipped version.

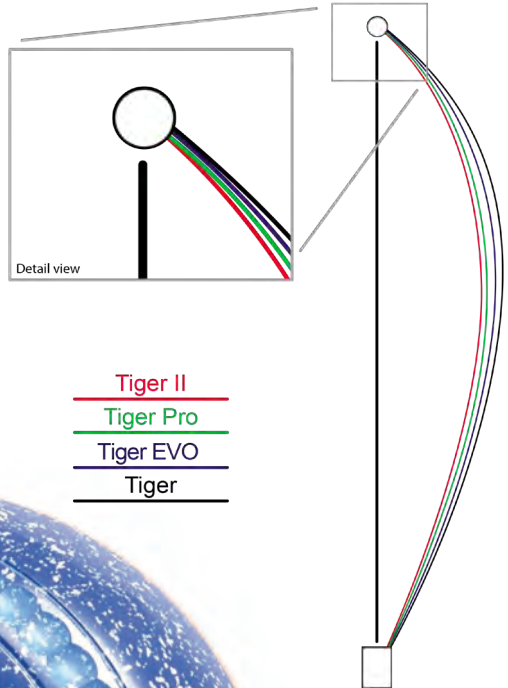

Our best-selling Henselite Bowls Shoe range has been extended after taking into account views of Henselite sponsored players including Katherine Rednall who is assisting us with the design and material selection for ladies clothing and shoes going forward. The Prohawk brand has also been extended by our introduction of a new Gents style in two colours. Henselite continue to focus on product development and innovation, look out for our Henselite Premium and Lightweight shoe ranges which now have the addition of Impact X technology within the

Tiger Code A10/A15HT1

The Tiger is a full biased bowl making it ideal choice for both indoor and outdoor bowling. The Tiger has proved to be easily the most successful 'TV tournament' model since its introduction in 2004 with it being used by 7 different players in winning 11 World Indoor Singles Championships. It is highly suited to back end players who require a bowl that has a relatively strong finish to draw round short bowls. The Ergo fit profile and Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

- Tiger II
- Tiger Pro
- Tiger EVO
- Tiger

Tiger in Planet Earth

See Page 9 for Colours and Sizes.

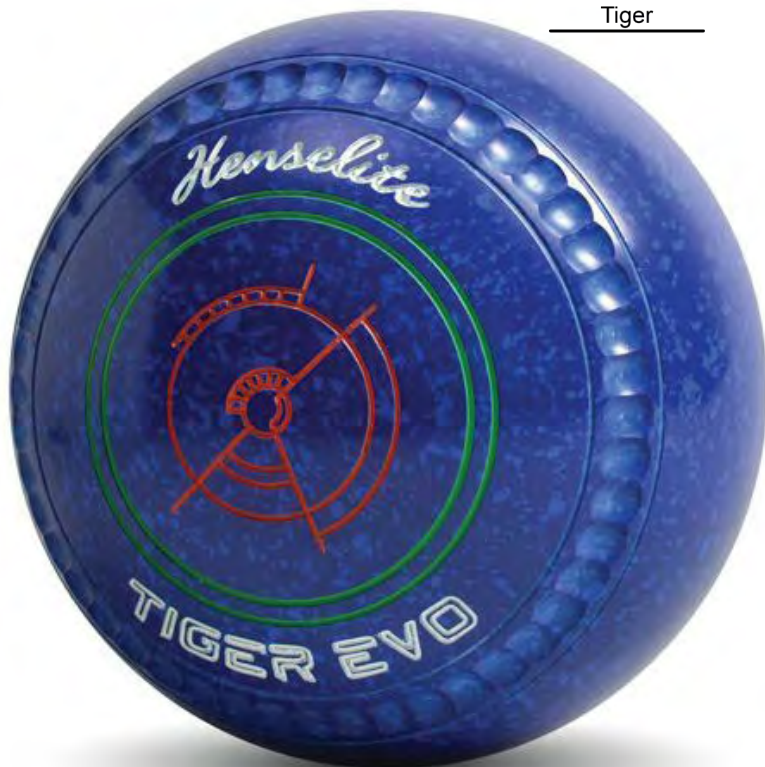

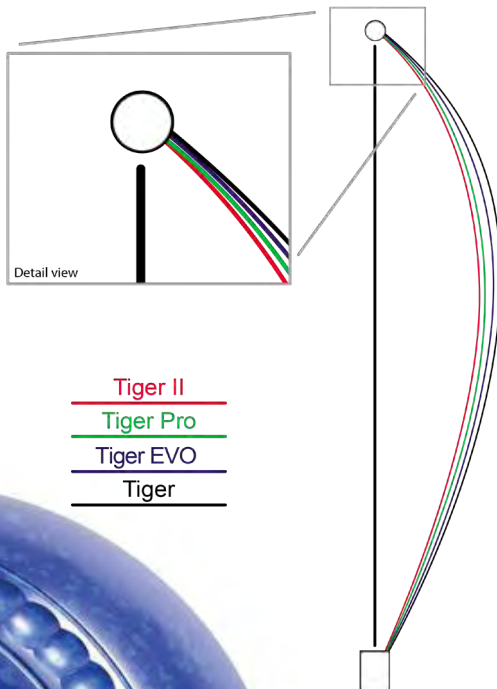

Henselite Bowls

Tiger EVO Code A10/A15HTE

Developed in partnership with World Champion bowlers, the Tiger EVO bias line is the mid-point between the popular Tiger and Tiger Pro. Looking to find the perfect road to the jack, the EVO is ideal for a full range of shots and is suitable for all indoor and outdoor surfaces. The Ergo fit profile and Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

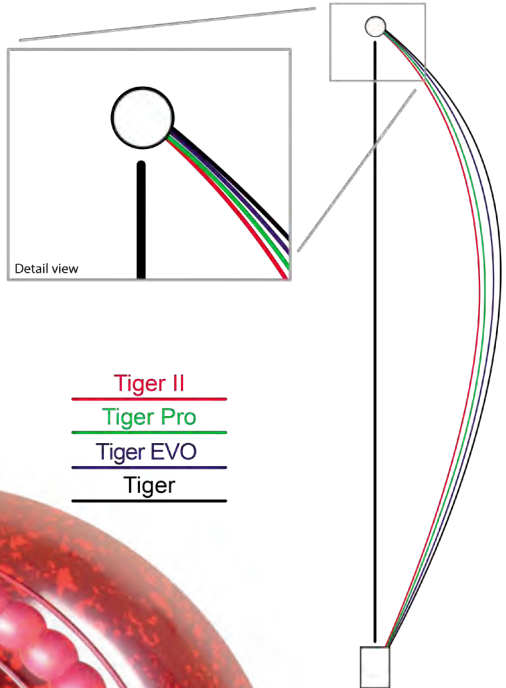

Tiger Evo in Midnight
See Page 9 for Colours and Sizes.

Tiger Pro Code A10/A15HTP

The Tiger Pro is a great all year round bowl as it acts on both fast and slow paced surfaces. It has a stable, predictable mid bias type line and a holding finish that is perfectly suited to the modern competitive game offering bowlers a great range of shot making. It is a huge favourite of the representative players in the UK at Club and International level. The Ergo fit profile and Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

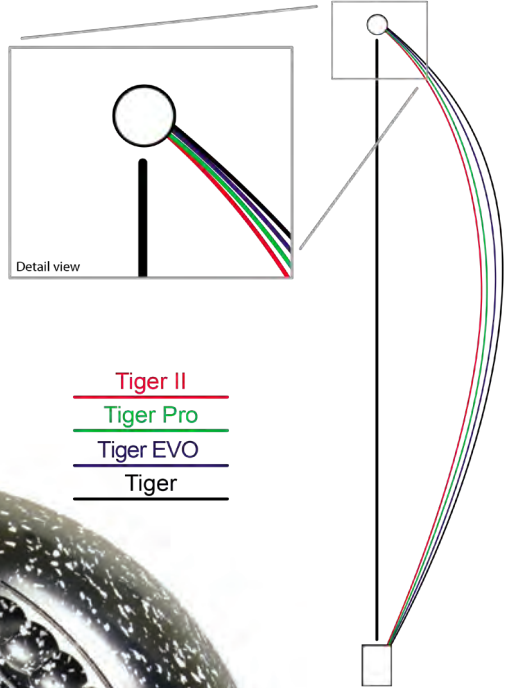

Tiger Pro in Ruby Rich
See Page 9 for Colours and Sizes.

Tiger II Code A10/ A15HT2

The Tiger II bowl is the narrowest drawing bowl in the Henselite UK range and could be best described as holding a tight line. It has a draw line just inside the Classic II and offers a steady controlled finish. This makes the Tiger II a bowl that is most suited to fast surfaces and indoor bowling in particular, but is still used by many players all year round. The Ergo fit profile and Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

Tiger II in Galaxy White

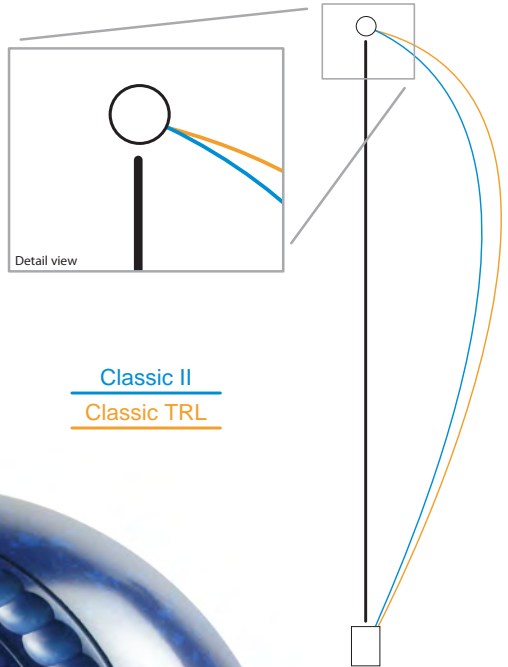

See Page 9 for Colours and Sizes.

Classic TRL Code A10/A15HC1

The winner of more gold medals at World Bowls and Commonwealth Games than any other model has been given a minor name change and facelift but the traditional bias which has stood the test of time since 1930 remains unchanged. With a traditional hook finish, it is an excellent wide drawing bowl for all outdoor surfaces and slow paced artificial or indoor surfaces. The full fit profile of the bowl provides stability on windy days and the Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

Classic TRL in Midnight

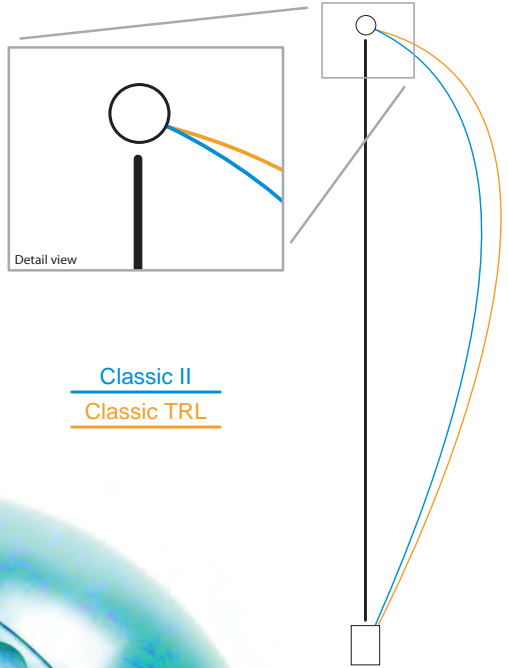

See Page 9 for Colours and Sizes.

Classic II Code A10/A15HC2

The Classic II is manufactured to run straighter and finish with a less pronounced hook than its stable mate the Classic TRL. The model is ideal for attacking difficult heads as with weighted shots it holds a straighter line which is generally easier to control. Highly recommended for all UK indoor surfaces as well as most outdoor surfaces. The Classic II is a full fit profile bowl providing stability on windy days and the Series C grip will maximise comfort and add precision to every delivery.

Available in heavyweight only.

Classic II in Ocean Green
See Page 9 for Colours and Sizes.

Caring for your Bowls

We are so confident in the quality of our workmanship that we guarantee each set of bowls for ten years. However we recommend that you continue to care for your bowls ensuring they perform at their best.

Q. What is the best way to store and transport my bowls?

A. Henselite Bowls Bags are specially designed to protect your bowls when they are being stored or transported. Place the bowls in the bag so that they ride on the running surface, not the engraving. This will protect the engraving from wear and tear.

Q. What do I do if my bowls are in contact with sand or grit?

A. To avoid the abrasive effect of sand or grit, wipe your bowls with a Henselite Polishing Cloth, Sleeve or Quick Dry Cloth before placing them in your case or bag. Ensure that the bottom of your bowls case or bag is free of sand or grit.

Q. How do I retain the shine on my bowls?

A. Regularly polish your bowls with Grippo using a Henselite Polishing Cloth or Sleeve to keep that 'new bowl' sheen. If too much polish accumulates on your bowls, wash the bowls in hot water with soap or mild detergent (such as dishwashing liquid) then dry and polish as usual.

Q. Light scratch marks have appeared on the running surface of my bowls. Is this normal?

A. New, highly-polished bowls will always show slight scratch marks on the running surface after use. These marks in no way affect the performance of the bowl or indicate a problem with the bowl. They may usually be polished out using Grippo and a Henselite Polishing Cloth, Sleeve or Quick Dry Cloth or lightly rubbed with fine steel wool and then polished as usual.

Engravings

Personalise your bowls

To personalise your set of bowls, select from our extensive library of unique engraving designs or create your very own design. We have a catalogue of thousands of engravings over several categories including animals, abstract, geometric, astrological, nautical, transport, flowers, buildings, people and many more. You can also add text to a set of bowls, a great idea for club champions or adding a special message to a gift set.

Quality Guarantee

Register your bowls online for Henselite's 10 Year Quality Guarantee and enjoy the satisfaction of knowing that you and your bowling performance will be protected for 10 years. However, note that the Guarantee does not cover chipping caused by contact with sharp objects, colour fading from exposure to the elements and scratching caused by use on sand filled, grass or synthetic greens or burnishing/pitting caused by impact of bowls in the presence of sand, fertiliser and moisture.

Almark Sterling Slimline

Sterling Slimline Code A20/A25ASS

The long standing and most popular model from Almark for the last decade. Designed with an Ergo fit profile and Deep Dimple grip gives it feeling of comfort when placed in hand.

The Slimline has a mid-bias trajectory that makes it ideal for all surfaces and suitable for bowlers wanting to use the same set of bowls all year round.

Available in heavy/medium in sizes 00-4 in colours pictured below.
